TECHNOLOGY

RAVAK Press Shop
Making an acrylic moulding of a future bath by using the technology of vertical heating.

RAVAK plating plant
Anodising aluminium profiles - manufacture of the sturdiest shower enclosure, door and bath screen frames.

RAVAK Paint Shop
Electrostatic powder painting of aluminium shower enclosure, door and bath screen frames.

RAVAK AntiCalc®
A revolutionary technology which creates an invisible water repelling protective layer on the glass.

MATERIALS

Cast composite material

It is a mixture of ground dolomite and resin which is used to produce washbasins and shower trays.

Laminate

Highly effective reinforcement of acrylic products with polyester resin with glass fibre.

Thin-walled ceramics

The washbasins made of special corundumbased blend look very delicate, they have precise and exceptionally thin edges, yet they can withstand everyday use in the bathroom.

Furniture boards

Bathroom furniture is manufactured using quality chipboard treated by high-quality moisture impregnation AMT (Anti Moisture Treatment) from leading European manufacturers.

MERCHANDISING

We design exhibitions.
We organize quality training
sessions.
